Motivation letter

Dear sir and Madam, Members of IEEE Algerian Section,

I have the honor to present my candidature in the board of IEEE Algeria section as treasurer. I wish by my application to contribute in the progress of scientific research in my country, to serve the scientific community as well as I can and I live, by supporting the research projects and giving help to young researchers. Which can be done by:

- Renewing the manner and focus on IEEE memberships in Ageria and try to find solutions to increase the number of members.
- Working on increasing the visibility of the IEEE at all levels (e.g., education, diverse industries, professionals, general public,).
- Assuring quality and excellence of all programs, which are offered by the IEEE for different activities in Algeria.
- Encouraging the organization of forums, conferences, workshops, and scientific /technical trainings in Algeria while maintaining the high level of quality.
- The promotion of the members' career in different aspects such as, studying, teaching, practicing and professional career.

Awaiting your support, please accept my best wishes and greetings.

Prof. AbdelGhani AISSAOUI
